### Movie Targets Aid Police

Policemen fire at a moving picture projected upon the screen. A light flares for three seconds at the spot hit by the bullet. The marksmen thus see how true their aim is. Above are members of the New York department trying out the new device.

### SPLendid EXHIBITS SEEN AT McLEAN FAIR

Special to The News  
McLEAN, Sept. 27.—With the exhibit sheds filled to overflowing with the finest agricultural products of the county, and with the thoroughbred animals and poultry that have won prizes in other west and central Texas fairs and stock shows, the McLean Community Fair is today in full swing at the fair grounds that are owned by the association of this city. In spite of the fact that the sheds and the general equipments of the grounds were added to in preparation for the fair this year, the sheds and booths were crowded and all available space is filled to capacity with the products of the south side of the county. Even with the continued dry weather, the nearest to a drought that this vicinity has ever known, the exhibits are the better and more attractively arranged than they have been in the past. And altogether, the first day of this event is indicative of the fact that the McLean Community Fair has come to stay and hereafter, to play a prominent part in the farming industry of this vicinity.

In view of the fact that Gray county was so large and that the natural products of the plains of the north side and the sandy lands of the south side were so different, it was decided that it would be advisable not to attempt a county fair, but rather, to have two community fairs—one on the south side and one on the north.

The rural communities of the south side have without exception, made wonderful exhibits. Many individual farmers have booths exhibiting the varieties of their products. Too, prominent in the display are the products of the club boys and girls.

One of the outstanding features of the livestock display are the thoroughbred Herefords from the Sitter ranch, the Meadow Brook Farm, and the three generations of cattle on display, owned by D. M. Graham who plans to use these three cattle as the basis of the fund with which he will educate his two children. In the hog and swine department, there are many thoroughbred Poland Chinas from the well known herds of the Wilson Brothers, the Abbott farm and the Howard farm, as well as from many other well known thoroughbred producers in this community.

Not to be overlooked is the prominent part that the ladies have taken in this fair. For the first time in several years they have pooled their strength, and it was only through their great efforts and team work that such an exhibit as is now on the ground could have been brought together.

### NO REST—NO PEACE

There's no peace and little rest for the one who suffers from a bad back and distressing urinary disorders. Amarillo people recommend Doan's Kidney Pills. Be guided by their experience. Mrs. J. H. McCabe, 1419 Johnson St., Amarillo, says: "After over working my kidneys got in bad shape. My back ached so badly, I could't sleep and it was lame all through the small part. When I stopped, a sharp pain caught me and I was dizzy headed and had awful nervous spells. I knew my kidneys were causing the trouble, because they were so weak, so I bought Doan's Kidney Pills at the City Drug Store and they cured me entirely."
